

Gilding the Greyhound *Pricing*

Raincoats	Note: All raincoat fabric used by Gilding the Greyhound is breathable	
	Single ply nylon ripstop water repellant	\$55
	Double ply treated waterproof	\$65 - \$80
	Diamondback (cranberry or bronze) water repellant	\$75
	Triple ply waterproof – heavier or sueded finish fabrics will be the higher priced coats	\$80 – \$95
	Some sold as sets at tagged prices – otherwise, above prices do not include snoods.	
Snoods		
	Single ply – plain elastic closure	\$10
	All heavier weights with plain plastic closure	\$15
	Visored rain hats	\$25
	Beaded visored rain hats – special order only	\$30
	Decorative and distinctive bangles for closing snoods – special order only	\$7.50 - \$12.50
Hats		
	All sizes	\$25
	W/clip-on flower	\$28
Spring-Fall weight coats		
	Coats may be raincoat outercoat or a choice of several different distinctive fabrics ranging from mid-weight “micro-fiber” to heavier-weight faux-suede. All are sold with snoods. Because so many coats are custom it is difficult to generalize prices but as a guide, see below (prices vary based upon fabric chosen.) Many of these coats can be made to be reversible.	
	Single-ply rip-stop lined with a mid-weight “micro-fiber”	\$100
	Diamond back lined with a mid-weight “micro-fiber”	\$125
	Two-ply water proof lined with faux suede	\$135
	Three-ply water proof lined with faux suede	\$145-160
Winter coats		
	Prices may vary depending upon weight and quality of fleece but the following is a general guide.	
	Single layer fleece	\$70-85
	Two layers fleece -	\$115-\$130
	Single-ply rip-stop lined with fleece	\$115-135
	Diamond-back lined with fleece	\$135-145
	2 ply water proof lined with fleece	\$145 - \$150
	3 ply water proof lined with fleece	\$150-165

Uptown Hound line	Examples:	
	Camel/leopard trim, with snood and separate collar – custom made and priced accordingly	
	“rissa” coat – with custom embroidered name	
	Custom order – prices start as above but individual customization can add to the cost – see customization below.	
Sun coats UVA-UVB protection	These coats will protect your dog from dangerous UVA-UVB rays (see the web site for more information about canine cancers related to sun exposure.) In addition, choice of light colors will help reflect the sun off of dark-coated dogs whose coats tend to absorb the heat of the sun’s rays.	
	Sun coat w/two leash openings, bow closures	\$85
	Sun coat w/leash opening, bow closures	\$75
Customization		
	If I measure your dog for you there will be an additional charge. No charge if you measure your dog yourself. Order forms and tape measures for your use are available upon request - see me or the order form for measurement instructions.	\$15
	Charge for customized coat or hat – minimum charge	\$15
	Additional requests such as changing design or searching for fabrics and trims not normally in stock - depends upon time involved in fulfilling request.	Varies based upon complexity
	Sending samples – \$10 of \$15 charge is credited toward cost of coat ordered upon return of samples and fully paid order.	\$15
	Cruppers – you attach mail orders – I’ll pin in suggested place but it’s best to have the dog wearing the coat to properly place the crupper. Don’t panic - sewing on the crupper requires only the slightest sewing skill – if you can sew on a button you more than qualify for sewing on a crupper.	\$3
